	Justification for waiver request, justification must be provided:	

PROGRAM COMPONENT WORKSHEET
for
ADULT EDUCATION INSTRUCTION

Please indicate in the following tables the programs offered, the projected number of students to be served and projected number of contact hours. Total amounts from each of the following seven tables will then be entered into the Program Component Worksheet. Each of the tables, 1 through 7, represent subsets of the total number of students projected to be served and the total number of contact hours projected for EPE accruable, reimbursable contact hours.

Fast Track HSE Preparation Initiative

A reminder that Fast Track programming is intended for students that have taken portions of the HSE test and were not successful, it is also for students that need their HSE diploma expeditiously due to entrance into a college program, training program, or the military.

Programs applying for a portion of their EPE allocation to be in support of the Fast Track HSE preparation must consider the following sections:

Outreach through GED Manager to identify adults interested in enrolling in a program. (21 years of age or older).	Program’s proposed activities
Using customized fliers to recruit examinees unsuccessful on the HSE test (No contact hours are associated with these activities however, the activity must be approved by AEPP.)	
Network with NYS HSE Test centers to offer services to examinees. (No contact hours are associated with these activities however, the activity must be approved by AEPP.)	

Options for HSE Fast Track Programming (data should be recorded in Table 4 below)

- Fast Track Math GRASP packets (paper or electronic) utilizing NYSED/CUNY sixteen (16) HSE math modules (distance education model)
- Six (6) hour intense instruction sessions made available evenings and weekends in math, science, social studies, reading, or writing
- Two x Two sessions where two different sub-test topics are offered
- Test taking skills and strategies, including reduction of test anxiety
- Computer based testing skills and strategies

Table 7: Career and Technical Education (CTE) Courses:

Please complete the table below indicating all career and technical education classes that your program plans to offer in FY2024-25. **The classes listed below should be those that have already been approved by the NYSED/K-12 CTE Office for your BOCES or School District.**

CTE courses that have current NYSED/K-12 CTE Office approval can be found on <http://www.nysed.gov/career-technical-education/cte-program-approval-faq> Include the CIP code, projected number of students to be served, and projected contact hours. (CIP codes can be found on <http://www.p12.nysed.gov/cte/Data/CIPcodes.html>)

Students enrolled in approved CTE classes must be enrolled and active in literacy classes to generate EPE.

CTE courses may be proposed for EPE funding two times per fiscal year: 1) the initial application completed annually by June 30, 2024, or in the month of November for approval and implementation in the second half of the fiscal year. **These are the only two opportunities for programs to add CTE courses for EPE funding.**

It should also be noted that credentials achieved through approved CTE programming will not count toward Measurable Skill Gain unless/until those same credentials are approved under separate WIOA funding.

Table 7 Career and Technical Education (CTE) Courses approved by NYSED/K-12 CTE Office. Please note, all fields must be completed before this application is submitted or it will not be reviewed or approved.

***Any CTE Course requiring a High School Diploma, or its equivalent cannot be approved.**

Locally Accredited Training Course Requests

For programs that are including Training course(s) that have not been approved by NYSED/K-12 CTE Office:

Your BOCES or local school district has the statutory and regulatory authority to offer occupational/career programs to adult populations under the oversight and accreditation of the local boards of education (without the need for additional NYSED program-level approval or oversight). The AEPP office is prepared to provide EPE funding to support these courses.

Appendix 8 must be completed and signed by the Superintendent or District Superintendent as part of the application process.

Training courses may be proposed for EPE funding two times per fiscal year; 1) the initial application completed annually by **June 30, 2024**, or in the month of November for approval and implementation in the second half of the fiscal year. These are the only two opportunities for programs to add Training courses for EPE funding. There will be no exceptions.

It should also be noted that credentials achieved through any Locally Approved Training Courses will not count toward Measurable Skill Gain unless/until those same credentials are approved under separate WIOA funding.

*Program managers should note that while these specific initiatives are supported by EPE State Aid, students enrolled in any one of these programs are exempt from National Reporting System (NRS) guidelines and will not be included on the New York State Report Card. Program managers are also responsible for monitoring the accrual of these hours to ensure they are not generating contact hours over the approved allocation for Fast Track Programming, as NYSED will not reimburse those hours. The hours are tracked in ASISTS.

<p>Contact Hours x 2023-2024 (last year's) EPE rate = <u>estimated EPE aid</u> to be generated</p> <p>Line 8 _____ x _____ = \$ _____</p>

Total projected EPE expenditures for 2024-25 \$ _____ (must be greater than or equal to estimated EPE aid to be generated).

Each year, all school districts and BOCES are contacted by SED's State Aid Unit regarding expenditures made on the EPE program in the prior year. This requirement is mandated by Section 3602.24(g) of Education Law, which requires the State Aid Office to reduce the following year's EPE aid when the total revenues from all sources from the EPE program exceed the total expenditures for the program. Expenditure figures submitted to the State Aid Unit should be consistent with figures submitted on your annual financial report: ST3 or SA111.

Attendance Policy

Provide a description of how attendance is documented below. Specifically describe:

- The agency's attendance policy.
- The format in which attendance is maintained and by whom.
- Adherence to NYSED's half-hour rounding policy.
- Verification procedures and other policies on enrollment and absenteeism
- **Monthly Attendance Rosters** must be generated directly from ASISTS and completed manually by each Teacher or Case Manager with a wet signature and kept by the program for six years beyond the current year. The attendance collected on these documents must be entered into ASISTS on a monthly basis.
- Programs have the option of recording daily attendance electronically in ASISTS. If the program chooses to record and maintain student attendance records electronically, they must use the Teacher's Support System (TSS) and need to request approval from their AEPP Regional Associate.

If a BOCES and/or School District operates programs located in another BOCES district and/or School District, please complete Appendix 4 and include your signed MOU for any Geographic Waivers.

FTE Arrangements with Community Colleges

Requirement: Non-Credit Full Time Equivalency (FTE) Arrangements must be entered in the ASISTS data base. All classes and students funded with FTE arrangements must be coded as such in ASISTS. Both classes and students must have the FTE funding code attached to each record.

List below any community colleges in which the applicant has made arrangements to jointly operate a program using a combination of EPE State aid and Non-Credit FTEs. To generate EPE State aid, the instructor must be employed by the school district or BOCES and on the school district or BOCES payroll. A reminder that no EPE funded program may operate at a profit, the revenue generated by the combination of EPE reimbursement and FTE payments cannot exceed the cost of operating the EPE funded program.

The program applying for these arrangements must include a copy of the FTE contractual agreement between the EPE funded program and the community college. The contract must be approved by AEPP before it can be implemented.

Please describe the following:

- Type of program
- Roles and responsibilities of the two agencies
- Students being served and generating FTEs and EPE State aid (including EFL Levels)
- # of Students expected to be served under this agreement
- Revenues expected to be generated by the respective funding sources. The revenue reported must include both EPE reimbursement expectations and FTE revenue.
- Expected expenditures from each source, administrative costs and any other details of the contractual arrangement.

Name of Community College: _____

Please note, your application must include the full FTE Budget, indicating all expenses and revenues associated with the FTE Contractual Agreement.

Several community colleges, BOCES and school districts have coordinated programs combining EPE State Aid and Non-credit Remedial FTE funding. It may be possible for EPE funds to be generated if the teacher is employed by the school district and the arrangement has been approved by NYSED. These arrangements are reviewed and approved on a case-by-case basis by NYSED management. Please refer to the FTE section in the EPE Manual.

Please note that all required materials must be submitted with this EPE application at the time of submission (**June 30, 2024**). If any sections are missing or insufficient, the FTE application will be denied.
