

## Module 15: Fill-In-The-Blank

Fill-in-the-blank activities give students a chance to work with their new vocabulary words in different contexts provided by the teacher.

- The teacher gives students sentences with blanks that can be filled in with their vocabulary words
- To challenge students, you can mix in words from previous lessons for review
- You can also include sentences with more than one vocabulary word, or whole paragraphs that use multiple vocabulary words
- Students should share their answers in a classroom discussion following the written activity

To save planning time, look for vocabulary workbooks that feature Tier 2 words and have fill-in-the-blank activities included
